Our Pleasure to Serve You

Jacobs Stone Products has been established for over 30 years. The reasons are simple. We are the same people outside of business as we are while conducting business. We are loyal, ethical, honest and we hold each other to high standards. We love God’s placement of natural stone and hope to share it with as many people as possible. Customer service, communication and building strong relationships are priorities for us. You are more to us than just business.

But the Lord has been my stronghold,
and my God the rock of my refuge.

Psalm 94:22
